SUMMARY

Full Stack Web Developer with experience using JavaScript, MySQL, Node.js, Express.js, CSS3, HTML5, and a variety of frameworks including Bootstrap, and jQuery. Quick learner, patient teacher, and adept problem solver. Excellent interpersonal and written communication skills. Known among colleagues for keen eye for detail and superb organizational skills. Brings experience obtained through multi-faceted work environments including data-analysis, education, accounting, and customer service.

TECHNICAL SKILLS

JavaScript, HTML5, CSS3, MySQL, Node.js, jQuery, Bootstrap, Express, Handlebars.js, Sequelize, MongoDB, Firebase, Photoshop, WordPress. 70 WPM typing speed. High level of PC literacy.

PROJECTS

Cinemaphile | **https://github.com/sdreyes/Cinemaphile** | **https://cinemaphile.herokuapp.com/**

A dynamic web application that allows users to log in, search for movies, and store them in lists they can later refer to.
- Co-developed with a team of three, my contributions include building the Node.js/Express server and routes for CRUD functionality. I implemented Handlebars.js as our view engine and Passport.js for log-in validation.
- MySQL, Sequelize, Node.js, Express.js, Handlebars.js, Passport.js, jQuery, and Bootstrap

Eat-Da-Burger | **https://github.com/sdreyes/Burger** | **https://eat-da-burger-sdreyes.herokuapp.com/**

A minimalistic web application that logs the burgers you eat in a MySQL database.
- Follows MVC design pattern with a homemade ORM, routes requests using Node.js and MySQL queries
- Node.js, MySQL, Express.js, Handlebars.js, JavaScript, HTML, CSS, Bootstrap

Train Scheduler |https://github.com/sdreyes/Train-Scheduler | **https://sdreyes.github.io/Train-Scheduler/**

A train scheduling application that incorporates Firebase to host data about each train.
- Uses Firebase to create persistent data and Moment.js to manipulate arrival and departure data
- Firebase, jQuery, HTML, CSS, JavaScript, Bootstrap, Moment.js

EXPERIENCE

Office Manager – Federation Early Learning Services **–** Broomall, PA   **2015 - 2019**

Design and edit marketing materials for publishing, complete weekly payroll and schedules for a team of 16 employees, coordinate community events, troubleshoot problems with and repair office equipment, and run the front desk daily
Key Accomplishments:
- Streamlined file and data tracking for 16 employees and 60 students by creating dynamic Excel spreadsheets
- Increased student enrollment by 20%
- Raised over $4,000 for the school through fundraising efforts

Administrative Assistant - Michaels Stores - Springfield, PA and Woodbridge, VA   **2009-2015**

Maintain store funds and payroll records, prepare daily deposits, investigate money discrepancies, and audit inventory
Key Accomplishments:
- Increased the store's audit score by 7%
- Awarded "Michaels Loss Prevention Hero" certificate for outstanding customer service and detailed work
- Minimize store damage losses by creating and maintaining a "Sold As-Is" program

EDUCATION

University of Pennsylvania, Philadelphia, PA **–** Full Stack Web Development Bootcamp
George Mason University, Fairfax, VA **–** B.A. History
