SUMMARY

Full Stack Web Developer with experience using JavaScript, React, MySQL, Node.js, Express.js, CSS3, HTML5, and a variety of frameworks including Bootstrap and jQuery. Quick learner, patient teacher, and adept problem solver. Excellent interpersonal and written communication skills. Known among colleagues for keen eye for detail and superb organizational skills. Brings experience obtained through multi-faceted work environments including data-analysis, education, accounting, and customer service.

TECHNICAL SKILLS

MongoDB, Express, React, Node.js, JavaScript, HTML5, CSS3, MySQL, jQuery, Bootstrap, Handlebars.js, Sequelize, Mongoose, Firebase, Photoshop, WordPress. 70 WPM typing speed. High level of PC literacy.

PROJECTS

Beadli | **https://github.com/SamTaub/project-3** | **http://bead.li/**

A MERN-stack app that allows users to create, share, and browse pixel designs intended for fuse bead crafting.
- Co-developed with a team of four, my contributions to the project largely include the implementation of user authentication, bitmap image URI creation, and dynamic rendering of data.
- MongoDB, Express, React, Node, Mongoose, Passport.js, Bitmap.js, JavaScript, Bootstrap, CSS3, and HTML5

Cinemaphile | **https://github.com/sdreyes/Cinemaphile** | **https://cinemaphile.herokuapp.com/**

A dynamic web application that allows users to log in, search for movies, and store them in lists they can later refer to.
- Co-developed with a team of four, my contributions include building the Node.js/Express server and routes for CRUD functionality. I implemented Handlebars.js as our view engine and Passport.js for log-in validation.
- MySQL, Sequelize, Node.js, Express.js, Handlebars.js, Passport.js, jQuery, and Bootstrap

Michael Scott Clicky Game |https://github.com/sdreyes/clicky-game | http://shelbyreyes.net/clicky-game/

A fun memory game built with React.
- React, JavaScript, Bootstrap

EXPERIENCE

Office Manager – Federation Early Learning Services **–** Broomall, PA   **2015 - 2019**

Design and edit marketing materials for publishing, complete weekly payroll and schedules for a team of 16 employees, coordinate community events, troubleshoot problems with and repair office equipment, and run the front desk daily

Key Accomplishments:
- Streamlined file and data tracking for 16 employees and 60 students by creating dynamic Excel spreadsheets
- Increased student enrollment by 20%
- Raised over $4,000 for the school through fundraising efforts

Administrative Assistant - Michaels Stores - Springfield, PA and Woodbridge, VA   **2009-2015**

Maintain store funds and payroll records, prepare daily deposits, investigate money discrepancies, and audit inventory

Key Accomplishments:
- Increased the store's audit score by 7%
- Awarded "Michaels Loss Prevention Hero" certificate for outstanding customer service and detailed work
- Minimize store damage losses by creating and maintaining a "Sold As-Is" program

EDUCATION

University of Pennsylvania, Philadelphia, PA **–** Full Stack Web Development Bootcamp

George Mason University, Fairfax, VA **–** B.A. History
